## 8. Report from the International Jury

The International Jury for the 19<sup>th</sup> World ARDF Championships had the following members:

Ole Garpestad	LA2RR	NRRL, Norway	Reg1	Chairman of the Jury
Panayot Danev	LZ1US	BFRA, Bulgaria	Reg1	Member
Igor Lazarev	US0VA	UARL, Ukraine	Reg1	Member
Kurt Smet	ON4CHE	UBA, Belgium	Reg1	Member
PA Nordwaeger	SM0BGU	SSA, Sweden	Reg1	Member
Karl-Heinz Schade	DL7VDB	DARC, Germany	Reg1	Member
Keith Witney	VE7KW	RAC, Canada	Reg2	Member
Yoh Hiroshi Izuta	JF1RPZ	JARL, Japan	Reg3	Member
Kim Duck Ki	DS3EXT	KARL, Korea	Reg3	Siting referee
Choi Seung Mock	HL2OCS	KARL, Korea	Reg3	Technical Director
Choi Hyeong Moon	HL4CFN	KARL, Korea	Reg3	Secretary of the Jury
Yasunori Iwata	JH2DFJ	JARL, Japan	Reg3	Observer

On request by the IARU Region 3 ARDF committee chairman, JH2DFJ was allowed as an observer in the Jury. When Karl-Heinz had to assist with the start list and all computer timekeeping during all competitions, JH2DFJ was allocated Jury in the terrain but without any voting rights.

The jury members alternated between the various tasks as jury at start, jury at finish and jury in the terrain in order to allow jury members to get a broad set of experience.

The Jury approved the following exceptions to the International ARDF rules:

1. Concerning deadline for all information on start category and start groups.

The deadline for submitting the starting groups for all competitors as given in B 17.4 was changed from 15:00 to 12:00 on the day before the first competition. This was done to ensure that the start list would be available at the 15:30 team leaders meeting.

2. Even after several adjustments, the list of the various course parameters as requested in B 20.9, still were outside of the requirements and the limits for the courses as given in chapter 20 and appendix 5 and 6.

Understanding that the siting referee had done what was possible, the jury reluctantly accepted the following deviations:

- In foxoring all courses have a climb for more than the given 6 %. The worst one is 10.3 %, but they are now all within the limits for effective length.
- In the first classic there are a few courses that are too long in effective length and some with climbs up to 7 %.

- For the sprint all is ok.
- In the second classic, there is one course that has too long effective length.

In retrospect, the report according to 20.9 did not give a good indication of the courses. It would have been better if the maps were sent to the chairman for comments/advice.

3. Jury approved spreading groups over random rather than equal intervals within the time frame for the largest group (rules B 17.7). All starts were in multiple of 2 min for foxoring and sprint, and 5 min for classic.

The Jury met the day before each competition and had meetings with the organizer and the referees each day. The Jury also met after each competition to approve the preliminary results based on reports from all jury members (both those in the terrain and those at start and finish). The Jury also met each afternoon to deal with any protests well in time for the award ceremony. All Jury members fulfilled their duties and attended all Jury meetings as well as e-mail consultations. It was a pleasure to work with all Jury members.

The following is a brief summary of actions taken by the Jury for each competition:

#### Foxoring:

There was a protest because some starting list information which was provided was not incorporated. The protest was agreed and the start list changed accordingly.

#### 1<sup>st</sup> Classic:

A few disqualifications (DSQs) because of people observed by a jury member having used a road that was marked not to be used. One DSQ because of improper behavior (aggressive language and shouting at a control operator). A protest on this DSQ was considered but not accepted.

There were a few DSQ's for running the wrong way in the finishing corridor.

It was noted that it was not possible to run outside of the finishing corridor when going to the beacon. The organizer was asked to ensure that there is such option for the coming competitions.

#### Sprint:

Several protest both in writing and oral that one control had been very weak for part of the competition. After investigation, it was determined that the vertical antenna had fallen down and this had not been detected by the monitor station, but was observed by the transmitter operator and corrected. The time when the antenna was down was not recorded and hence remained uncertain.

The Jury did not find any fair way to compensate for this disadvantage, so no modifications were done to any of the complaining competitors running time and hence none of the protests were accepted. The organizer apologized for the incident, but due to language problems, this apology never reached the competitors.

#### 2<sup>nd</sup> classic

One protest was received from a competitor claiming that she had been followed through the whole competition by another competitor from a different country. The time stamps at the transmitters confirmed this. The Jury did not find anywhere in the rules dealing with such situations and the protest was not accepted. However the Jury will request the IARU Region 1 ARDF WG and its subcommittee on rules to consider if such situations should be covered by the rules.

At the IARU Region 3 Conference the week following the ARDF World Championships, it was pointed out that the competitors listed under Hong Kong and Macau did not represent the IARU society in any of these countries. The organizer had been informed about this after the ARDF World Championships started, but did not inform the Jury, so no action was taken. It only came to my knowledge 3 days after the championships ended, too late for the Jury to act (the responsibility of the Jury stops 24 hours after the closing of the championships).

In retrospect; a group of Chinese competitors had requested to be allowed to run unofficially but had been denied this based on A 5.4 and A 5.5 in the rules, but had then incorrectly registered as Hong Kong and Macau. This situation has been reported to the three regional ARDF coordinators with a request to assist to avoid such situations in the future.

Respectfully submitted  
 Ole Garpestad, LA2RR  
 Chairman of the Jury

## 9. Organizing Committee Comments

The Organizing Committee for the 19<sup>th</sup> World ARDF Championships had the following members:

Han, Jung-Hoon	HL2AGG	Chairman of the Organizing Committee
LEEM, Jin-Geun	DS2RSJ	Vice Chairman
CHOI, Yong-Seok	HL3OB	Vice Chairman
Park, Young-Soon	HL1IFM	Adviser
Kang, Duk-Keun	HL1KDK	Adviser
Lee, Nam-Kyu	HL1DK	Adviser
Lee, Kwang-Yong	HL1IE	Director
Jo, Moon-Ho	HL1LW	Director
Choi, Hyeong-Moon	HL4CFN	Director
Kim, Duck-ki	DS3EXT	Director
Choi, Seung-Mok	HL2OCS	Director
Lee, Kyu-Hong	6K2DNT	Director
Park, Yeong-Lan, Angela	DS1SOT	General Manager

As organizer the first purpose of the 19<sup>th</sup> World ARDF Championships was contribution to the boom of ARDF, leading naturally to the development of ARDF infrastructure in Korea. The second one was to secure for ARDF equipment. The Korean government planned to help for 19<sup>th</sup> World ARDF Championships when we started this event. As a result, we have been achieved and also we could get international experience.

Honestly, as a sport and culture ARDF event in Korea hasn't been developed like such as European countries. And also geographically many kinds of things were different with host countries in the past championships. To make up such weakness we tried to do our best and ended it successfully without any accident. We are grateful for all participants and related people

in 19<sup>th</sup> World ARDF Championships.

Respectfully submitted

Han Jung Hoon, HL2AGG,

Chairman, 19<sup>th</sup> World ARDF Championships Organizing Committee

## To all IARU Societies

Dear ARDF friends,

The Korean Amateur Radio League (KARL) has the pleasure of releasing Bulletin 3 of the 19th IARU WORLD ARDF Championships. All events will be held during September 2018. As of today, we have received the Letters of Intent from 25 countries adding up to 418 participants for the event. We are excited by the huge numbers that exceed our most generous expectation and we promise you that we will do our best to make the Championships the most successful one ever in the region.

We would like to cordially invite all ARDF societies to spend a week happily and have a pleasant journey.

See you in September 2018!

## 3. Transportation to the Venue

Please see the bulletin No.2.

As a courtesy of our sponsor, you can use free pick-up services by bus on the 2nd and 8th of Sep. Participants arriving thru Seoul/Inchon and Kimpo Airport will be guided by KARL members and will move to Sokcho city by bus. Transport schedule will be decided according to your itinerary.

Arrival Notice

We are requesting that Team Leaders advise the Organizing Committee of their team's traveling schedule so that OC can arrange the "pick-up" schedule.

Please let us know your plans 2 weeks in advance.

## 4. Accommodation and food

We have already announced accommodation arrangement in the bulletin No.2.

Breakfast, lunch and dinner are provided as buffet style and sack lunch packets are provided on the classics and Foxoring course days.

## 5. ID badges

Plain badges without photos are included for the event. If you would like to include a photo with your ID badge please send a face-forward, clear, personal photo (image size 600x400 over) to [ardf2018@hanmail.net](mailto:ardf2018@hanmail.net) no later than the 31 th July.

## 6. Insurance and Medical care

A First aid facility will be available at the finish areas for all competitors at no cost to the participants. First Aid applies for on-site minor treatment only. However the cost for any ambulance transportation, emergency department visits, and clinic visits will be the participant's responsibility. Thus, we recommend that you purchase travel insurance to cover any extra needed expenses.

Starting corridors 120m, finishing corridors 120m

Time limits: 140 minutes.

### 7-3 List of transmitters and band assignments

**Foxoring:** M21 will search for 8 transmitters, W21, M19 and M40 will search for 6 transmitters, W19, W35, M50 and M60 will search for 5 transmitters, while W50, W60 and M70 will search for 4 transmitters;

**Sprint:** M21 will search for 10 transmitters, W21 and M40 will search for 9 transmitters, W35 and M50 will search for 8 transmitters, W19, M19 and M60 will search for 7 transmitters, W50 will search for 6 transmitters, while W60 and M70 will search for 5 transmitters;

All categories have to search for 'S' transmitter, too

#### Classic 1:

W19, W21, M19, M21 and M40 will compete on 3.5 MHz (white-orange prisms).

W35, W50, W60, M50, M60 and M70 will compete on 144 MHz (white-orange prisms with vertical blue line);

#### Classic 2:

W35, W50, W60, M50, M60 and M70 will compete on 3.5 MHz (white-orange prisms).

W19, W21, M19, M21 and M40 will compete on 144 MHz (white-orange prisms with vertical blue line);

Both days M21 will search for 5 transmitters, W19, W21, W35, M19, M40 and M50 will search for 4 transmitters, while W50, W60, M60 and M70 will search for 3 transmitters.

All other details will be announced at the Team Leaders meeting before each competition.

## 7-5 Technical parameters of the transmitters to be used for each competition

### Frequency allocations for the 3.5MHz competition

Frequency / Competition	Classic	Sprint	Foxoring
3520kHz		TX 1...5	TX 1, 1F, 2, 2F
3550kHz	TX 1...5	Spectator (S)	TX 3, 3F, 4, 4F
3580kHz		TX 1F...5F	TX 5, 5F
3600kHz	Beacon	Beacon	Beacon

### Frequency allocations for the 144MHz competition

144.500 MHz TX 1...5

144.850 MHz Beacon

### Output RF Powers

3.5 MHz Classic : TX 1...5 and Beacon 3W

3.5 MHz Sprint : TX 1...5, 1F...5F, S and Beacon 1W

3.5 MHz Foxoring : TX 1...5, 1F...5F 10 mW and Beacon 3W

144 MHz Classic : TX 1...5 and Beacon 1W

### Antennas

3.5 MHz Classic : 8m vertical + 8m counterpoise

3.5 MHz Sprint : 8m vertical + 3×5m 3-radial counterpoise

3.5 MHz Foxoring : TX approx. 30cm vertical,

Beacon 8m vertical + 8m counterpoise

144 MHz Classic : Crossed Dipoles 3m above ground level

## 7-6 Terrain characteristics, clothing and weather:

The terrains are located within a 60 Km range from the event center and around the beach.

### Foxoring, Classic 1 and 2

These are consisting of low mountains, forests, farmland and villages. There are places with thorns, bushes, deep ravines, and cemeteries. Sometimes you will come up against construction yards, military facilities and out-of-bounds areas. Please do not enter any private or agricultural lands (including orchards), although it is not marked as a restricted area on the map, these are off limits. Fences (including electrical fences) are often installed on private land and farmland boundaries, but are rarely shown on maps. There is not much traffic on the roads, so please be careful when crossing roads.

## **Sprint**

The terrain for Sprint is a low forest less than 20 meters above sea level and consisting of coastal campsites, gently sloping forests, roads, buildings, fences and out-of-bounds areas.

All terrains have the following risks. Details will be announced to the team leaders before the competition.

## **Animals and Insects**

In rare cases, you may encounter snakes, wild boar, elk, dogs, and bees. Competitors need to wear appropriate clothing. Dressing in light layers is recommended. Trousers must be long, short pants are not recommended. A pleasant and cool weather around 22°C-28°C degrees is expected, however be prepared for unexpected rain and cooler temperatures.

## **8. Insurance and Medical care**

A First aid facility will be available at the finish areas for all competitors at no cost to the participants. On-site First Aid applies for minor treatment only. However, the cost for any ambulance transportation, emergency department visits, and clinic visits will be the participant's responsibility. Therefore, we recommend that you purchase travel insurance to cover the expense of any extra needed medical care.

## **9. Cultural Program**

After finishing the Sprint, you will be able to visit the Unification observatory at the DMZ.

It will take an hour by bus. It is located at Goseong-Gun, Gangwon Do of Korea's northernmost province.

Since 1983 it has been taking a role as the first education center for unification security to experience division reality directly & inscribe a desire for unification for over 20 years.

The Unification Observatory is an education center of living experiences to console pains for displaced people missing their mountains & rivers and gives a glimpse into the experiences of division reality & the will of unification for the children of those

families that were separated.

Also, it shows the actual state of the only divided nation in the world to foreigners.

In addition, at the age of peacemaking & exchange between South & North Korea, the meaning of the Unification observatory located at the key point for exchange & Geumgangsan Land Tour has been renewed as the spot of cooperation & exchange between South & North Korea.

At Unification Observatory, you can see wonderful four season's view of Geumgangsan called the most noted mountain of North Korea directly with the naked eye.

Enjoy the beauty of Geumgangsan having a view of different seasons like the principal peaks including Birobong as the top peak of Geumgangsan, Haegeumgang as the end of Geumgangsan and Gamho having legend of firewood gatherers & fairies.
